

Jacqueline D. Marsteller

TPP Committees: Strategic Planning Committee

Current Position: President/CEO Marsteller LLC

Jackie formed Marsteller LLC as a Professional and Technical Services firm dedicated to helping industry, military, and government effectively achieve mission objectives through life cycle business development activities, business process engineering, and strategic human capital solutions. Marsteller LLC is a privately held, Woman Owned Small Business combining diverse technical skillsets with executive expertise in: corporate strategy development; lead generation, pursuit, and capture; quality management system implementation; and staff augmentation.

Experience:

Jackie has 25+ years of corporate development, technical leadership and program management experience, to include building and leading business units exceeding \$100M in contracts and more than 500 employees and subcontractors. Prior to forming Marsteller LLC, Jackie was on Ausley Associates' executive management team, responsible for Business Development, Proposal Management, Information Technology, Quality and Process Engineering. As a senior vice president for ECS Federal, Jackie was the Civil Federal Government Account Executive, and prior to that assignment, managed IT operations and corporation support functions for the IT Services Division. At Harris Corporation (which purchased Orkand in 2004), Jackie led all program and marketing efforts for The Department of Health and Human Services, Department of Labor, The Department of Energy, and The Department of Interior.

Education:

B.S., Business Administration, George Mason University
A.S., Computer Science, Northern Virginia Community College
Leadership Maryland, Class of 2016

Professional Affiliations and Accomplishments:

Association for communications, electronics and information systems community (AFCEA), Association for Unmanned Vehicle Systems International (AUVSI), Healthcare Information Management Systems Society (HIMMS), Healthcare Technology Network of Greater Washington (HealthTechNet), National Association of Female Executives, National Defense Industrial Association (NDIA). ITIL V3, Foundation Certified, 2008

Community Involvement:

Jackie is an active member of the Little Flower Catholic School marketing committee; assistant coach for St. Mary's County recreational soccer; and has been involved in cub scouts, PTA, and other organizations serving children and those in need.
