

## Benjamin “Chuck” Angus

### **Current Position: Site Executive, Raytheon Patuxent River Field Office**

Chuck leads the Raytheon Corporate Business Development office and is responsible for all Raytheon business interests in Southern Maryland. The Patuxent River Field Office serves U.S. Naval Air Systems Command Headquarters, Program Executive Officers, Program Managers, and Naval Air Warfare Center, Aircraft Division. Raytheon Company, with 61,000 employees worldwide, is a technology and innovation leader specializing in defense, security and civil markets throughout the world. Raytheon is a key industry partner in Naval Aviation, notably providing weapons, sensors, radars, cyber solutions and other mission systems.

**Experience:** Chuck has over 27 years of experience in DoD weapons systems program management, systems engineering, and test activities. He worked in all phases of weapon system acquisition serving major weapon system programs in the Space, Command and Control, Intelligence, and Munitions areas. His roles included comprehensive tours in all the key functional disciplines and a variety of high level leadership positions.

**Military Service:** Retired from the USAF in 2010 after 22 years of service. Chuck’s assignments included several weapons systems acquisition positions among multiple programs, culminating by leading the AIM-9X program in PMA-259.

### **Education:**

Masters of Science, Systems Management, College of Notre Dame  
Bachelors of Science, Electrical Engineering, University of Cincinnati

### **Professional Affiliations and Accomplishments:**

Raytheon Leadership Excellence Program

### **Community Involvement:**

Chuck has been involved in several local organizations, aligning Raytheon interests with the local community and the US Navy. He has spearheaded Raytheon’s growing involvement in TPP, Navy League, SMNA, and PRNAM. Chuck has also led Raytheon’s local involvement in STEM, supporting the STEM-ING initiative for several years. In addition, Chuck coaches youth sports in St Mary’s county.
